

LEDBURN CABLES IS
AN INDEPENDENTLY
OWNED CABLE
DISTRIBUTOR.

UNSCREENED MULTICORE DATA

General purpose unscreened single and multipair cables with a small outer diameter, frequently used in audio, bus, data, security and instrumentation applications.

General purpose unscreened single and multipair cables with a small outer diameter, frequently used in audio, bus, data, security and instrumentation applications.

These cables can also be supplied with PE sheaths for running in ducts or in SWA versions for direct burial.

Low Smoke Halogen Free versions are available where indicated. The insulation and sheath materials are replaced by those that do not emit halogens and toxic smoke.

Technical Information

Voltage Rating:	300V
CE:	450/750V+
Colour Code:	Chart 2

Construction

Tinned copper stranded conductor, PVC insulation, cores twisted into pairs, pairs laid together, clear tape, PVC grey sheath.
